## Dragon

# D

With over 40 years of sail making experience Lnton and Gray are in a fantastic position to advise you on the best sail plan and rig settings for your type of sailing. All our sails are designed around you and are manufactured in our loft in Burnham. Sails are laser cut and hand finished for the best quality finish possible.

Ian Gray is himself a keen Dragon sailor, and as such is completely in touch with the needs of the class. He is always improving the design and finish, and races regularly throughout the season.
